Colour:	N/A

- To quickly find any garment listed, simply enter the 'Product Code' into the search box on the respective website.
- Parents/gymnasts are required to purchase their own garments. Aquila does not purchase competition clothing.

- The girl's leotard is available in 3 colours. Please make sure you order **Navy**.
- The girl's leotard is coated in a foil. Please pay careful attention to the washing instructions to retain the quality. If you have hired a leotard from the club, please DO NOT wash the leotard and return as worn.
- If you're not sure which size leotard to order, contact Richard Law, who can provide a few leotards to try on before you make your purchase.
- Both Milano and The Zone are usually very quick to post garments (typically 2-4 days), however if the item is not in stock, delivery can take longer. Please order your garments in plenty of time ahead of any competition.
- Girls are not allowed to compete in shorts. The shorts listed should only be worn during warm-up and/or during presentation ceremony (optional). For more information, please call or email (details below).
- The garments listed are the official competition clothing. No other clothing can be worn unless otherwise agreed with your coach (excludes DMT shoes, boys whites (manufacture only) and girls undergarment).
- We appreciate competition attire can be expensive, which is why we try to retain a design for 2+ years, and offer a hire service; however, we are subject to manufacture stock and future availability.
- Please note, we currently only hire leotards on a first come, first serve basis, at a cost of £ 3 per event.
- Gymnasts are encouraged to wear competition leotards occasionally during training sessions, especially approaching a competition, or if the garment is new.

Below is a list of recommended leotard manufactures which you may find useful to order training leotards or other trampoline gymnastic clothing.
